

CC1-09

Application Fields: Walk-In Coolers/Freezers • Hot or Cold Display Cases • General Food Equipment

Description

This versatile thermometer is the perfect drop-in digital replacement for standard 2" front flange vapor thermometers. It features a wide ambient operating temperature, making it suitable for indoor and outdoor installations.

Specifications

- NSF Listed
- 2" diameter SUS 304 Case with white dial and polycarbonate lens
- 3 Digit LCD Display with F/C indicator
- Easily customized with your logo
- 196" maximum cable length
- NTC Thermistor sensor
 - Tube sleeve Φ 0.25" x 1.82"
- Measurable temperature range of -58° to 230° F (-50° to 110° C)
- Change from Fahrenheit to Celsius via a switch on the back of the unit
- Thermometer accuracy is +/-1° of range
- Refresh time: 10 seconds
- Solar powered with button battery backup
- Projected 8-year battery life with combination of solar and backup battery
- On/off switch on back of unit, power off when not in use to further extend battery life
- Operating temperature range of -4° to 122° F/C, <85% Relative Humidity
